No school this Friday May 3rd--Staff PL

Quebec Trip

There will be a mandatory grade 8 Quebec trip meeting today at 12:15 in Mrs. Smith's classroom (room 117).

Please bring your completed medical forms and paper/pencil to write with.

Fish News

When salmon return to spawn the changes are so dramatic that for many centuries people thought that the large salmon were a different species than the fry in the river. As the time for spawning nears, the fish get darker in colour, and the males develop a hooked lower jaw.

Tune in tomorrow to find out one major difference between Atlantic salmon and salmon of the Pacific Coast.

Dance

There will be a dance tonight from 6:00-7:30, drives should be prearranged for 7:30 pickup.

Ticket sales are over, but you can still purchase a ticket at the door for \$5.00. Bring extra money as a canteen will be available.
