

ANNOUNCEMENTS – MAY 2ND, 2024

NO SCHOOL FOR STUDENTS FRIDAY, MAY 3RD – STAFF PL

Red Dress Day

May 5th is Red Dress Day. Red Dress Day is an annual event held in memory of the lives of Missing and Murdered Indigenous Women and Girls across Canada. This day serves as a powerful reminder of the many women who have lost their lives and aims to honor their memory.

This day also gives the opportunity for people across Canada to have a voice for those who no longer have one and to advocate for justice and change! On MONDAY, if you can, please wear RED to show your support for Red Dress Day!

Math Competition

There will be a quick meeting at recess with Ms. McGrath in Room 108, for those participating in the Math Competition.

Fish News

Unlike the salmon of the Pacific Coast which lays eggs (or spawn) only once and then die, the Atlantic salmon can return to the river to spawn several times. The Atlantic salmon normally survive at least one spawning. After living at sea for another year, some will return to freshwater to spawn. Others may spawn three or four times in their life.

Tune in next week to find out during what months salmon come back from the sea.
