

Announcements—May 8th, 2024

3D Printing Club

A reminder that there is no 3D printing club this week. The next session will be next Tuesday, May 14th.

Pizza Day

Pizza day is cancelled for the remainder of the year.

Leadership

There will be a leadership meeting on Thursday last period. Please be sure to get permission from your teacher to miss their class.

The meeting will be held upstairs in Mme. Boudreau's grade 6 homeroom.

Student Voice

Student voice will be today during 6th period.

Fish News

The salmon wait until late October or early November when water temperatures drop to about 5°C and the daylight hours grow short.

When the time for spawning arrives, the female salmon turn on her side and moves her tail very rapidly while staying in one position. The action produces water current sufficient to wash a hole called a nest or redd, in the gravelly bottom of the river.

Tune in tomorrow to learn about the redd.

Friday, May 10th—final Quebec Trip payment is due (open now on School cash online)

Friday May 10th—Operation White Heart Presentation to all grades

Friday, May 10th—University of Moncton Math Competition (some students will be attending)
